

## **ALABAMA VETERAN CLYDE HOLMES:**

Korea, October 16, 1952

Dear Folks,

Well I flew my 66<sup>th</sup> and final mission yesterday. Hard to believe, isn't it. Just wanted to let you know that there's no need to worry anymore. Now, all I have to do is wait on this island for another two months and I'll be on my way home.

Gets awfully dull sitting here waiting so I'm making a few routine flights here and there. Give my love to everyone. I sure can't wait to get home to see Doll and my little girl.

All my love,  
Clyde
